presented to

Aayush Parikh

for successful completion of the

Cybersecurity Essentials for Work Training

Duration: 3 hours

CareerSafe

Trainer

April 29, 2026

Date

Core Competencies

Given current information on cybersecurity, the student will be able to:

- Identify potential threats to your organization's cyber and physical security associated with common, everyday devices and be able to protect yourself and your organization from harm. *(Cyber Hygiene)*
- Identify potential phishing attempts and be able to protect themselves and their organization from harm. *(Don't Take the Bait)*
- Identify potential threats to their organization's cyber and physical security associated with insider threats and be able to protect themselves and their organization from harm. *(Insider Threats)*
- Recognize the importance of maintaining good cybersecurity practices in an organization and identify what students can do as an employee to protect against common cybersecurity threats. *(Introduction to Cybersecurity)*
